Red on the Red Carpet: Did we not all get the memo?

2022 OSCAR'S LOOKS SHOWDOWN!

Tracee Ellis Ross
Vs.
Ariana Debose

A stunning classy yet sexy look by Valentino Haute Couture. Debose takes the cake with this look by bringing the classic pants suit to a whole new level- and it sure does look comfortable too. The silver jewelry was a perfect touch to this simple look- And the oversized jacket train? Never before seen. (Had to do a double take!) She might've changed the pants suit game forever. Could this be the new hottest trend of the year?

A red Carolina Herrera gown- love or hate? Mixed feelings. Everything is done beautifully- from the jewelry to the overall look but the dress could be better. This gown hits at an awkward length where I would've liked to see it hit longer with a train. The top is giving Fashion Nova, not Oscars Red Carpet. While both looks are similar, Debose takes the win with the pants suit.
